ORDER:-

At present there is no bridge in between Ullipalem and Bhavanipuram in Krishna District across the Campbell Canal and only an unbridged crossing is in existence and the main mode of the transportation is using of boats. During the rainy season and cyclonic storms the local people are facing lot of hardships as there are no proper travelling facilities and in the high tides, the people are forced to travel upto Avanigadda by more than 25 Kms. to cross the canal by a bridge. If a high level bridge is constructed in between these two villages it provides a link between 20 interior villages of the Koduru Mandal in Krishna district and would facilitate the movement of the agriculture and aquaculture produce.

2. In view of these facts, the Roads & Buildings Department has proposed to construct a high level bridge at Ullipalem of Koduru Mandal across Campbell canal to connect Bhavanipuram of Bandar Mandal at Km.20/8 of Machilipatnam-Kammavari Cheruvu Road Via Chinnapuram. It is represented to take of this bridge under Krishna Delta Modernisation Programme.

3. The Chief Engineer, Modernization who was consulted in the matter, has reported in the reference 3rd and 4th read above that construction of High Level Bridge at Bhavanipuram @ Km.20/8 of Machilipatnam-Kammavari Cheruvu Road Via Chinnapuram to connect to Ullipalem of Koduru Mandal of Krishna District is not contemplated in the administrative approval accorded for Rs.4573 crores towards Modernization of Krishna Delta Irrigation and Drainage system including lining vide G.O.Ms.No.259, I & CAD (PW.Maj.VII) Department, dated 29.11.2007. He has stated that the proposed Bridge is on L/S arm of Krishna River and not on Campbell canal and the said Bridge is to be constructed by the Roads & Buildings Department and requested to provide the required amount to the Roads & Buildings Department to accord the administrative sanction to the above work for construction of said Bridge by the Roads & Buildings Department.

4. In the circumstances explained by the Chief Engineer, Modernisation, Hyderabad, government after careful examination hereby accord permission for “construction of High Level Bridge between Ullipalem and Bhavanipuram in Krishna District across River Krishna” and expenditure of the work shall be charged to Krishna Delta Modernization Head of account. The work shall be executed by the Roads & Buildings Department as a Deposit work, duly following the prescribed codal rules.

p.t.o.

5. The Engineer-in-Chief (Irrigation) and Engineer-in-Chief (R&B) shall take necessary action accordingly.

6. This order issued with the concurrence of Finance (W&P)Department vide their U.O.No.657/F2 (1)/09-1, dated 26.02.2009.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)

SHAIENDRA KUMAR JOSHI,
PRINCIPAL SECRETARY TO GOVERNMENT.

To

The Engineer-in-Chief (Irrigation), Jalasoudha Building, Hyderabad.

The Engineer-in-Chief (R& B), Hyderabad.
